Invitation to an interesting talk given by...

Dr. Joanna Loizou

CeMM- Research Center For Molecular Medicine of the
Austrian Academy of Sciences, Vienna

Title: **Safeguarding the integrity of the human genome**

Date: Wednesday, December 18th 2019, 3:00 p.m.

Venue: University of Graz, Institute of Molecular Biosciences
Humboldtstrasse 48, top floor, SR 44.31

host: DocFund MOBILES, Doc School Mol Biol

Joanna received a prestigious ERC Synergy Grant with her project "DNA Damage Response: Actionabilities, Maps and Mechanisms".

Her work aims at understanding human DNA damage response at the cellular level, hence providing a complete understanding of how such pathways go wrong in disease states, with a strong emphasis on cancer.
