

MITOCHONDRIA, CALCIUM AND ROS IN IMMUNITY AND CANCER

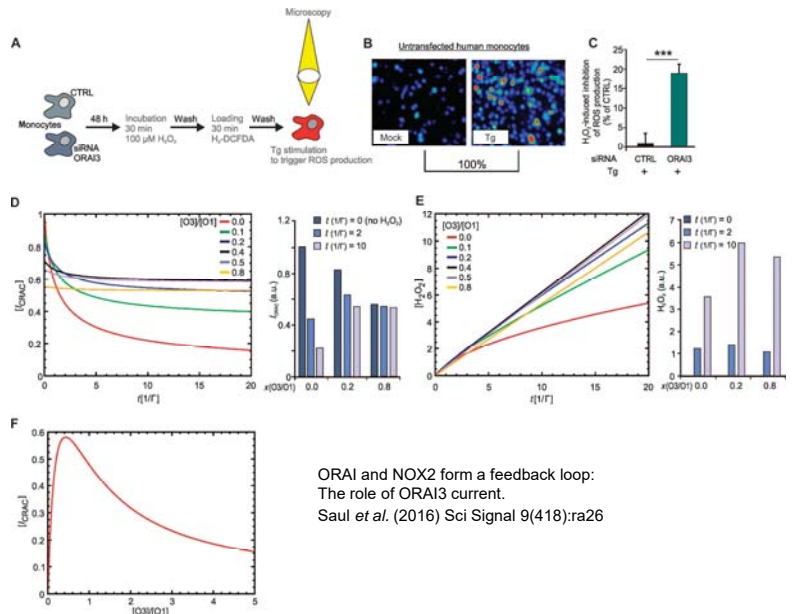

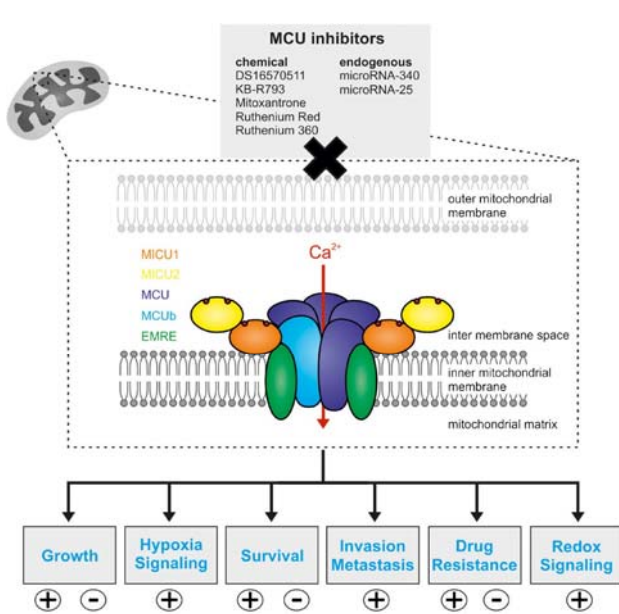

GUEST LECTURE by

Prof. Dr. Ivan Bogeski

Molecular Physiology, Institute of Cardiovascular Physiology, University Medical Center Göttingen, Germany
Thursday, 27.06.2019
17:00

MC1.G.01.005 (SR01 - Applied Biomedicine; MED Campus, tract G, 1st floor), MUG

The mitochondrial Ca²⁺ uniporter (MCU) complex and its role in cancer. Vultur *et al.* (2018) *Pflügers Arch* 470(8):1149-63

⊕ MCU promotes
⊖ MCU inhibits
