

# Dionex BioanalytiClub Seminar

## Characterization of Proteins, Antibodies, RNAi & Glycans

March 29<sup>th</sup> Graz

**ZMF - Center for Medical Research in Graz**  
[www.meduni-graz.at/zmf/](http://www.meduni-graz.at/zmf/)

Speakers: Ruth Birner-Grünberger (Medical University Graz), Robert van Ling (Dionex Corporation), and Ken Cook (Dionex Corporation)

Program	
9:30	Registration
10:00	Beginning & Welcome
10:30	High Resolution Separations of Proteins and Monoclonal Antibodies: Taking FPLC to the Next Level
11:15	Highlights of the MUG Proteomics Core Facility
12:00	Business Lunch
13:30	Automated Multi-Step Workflows for Increased Throughput in Monoclonal Antibody Characterization
13:30	Protein Identification using nano UHPLC
14:00	Coffee Break
14:20	Characterization and Stability in RNAi Therapeutics
14:40	Liquid Chromatography: Novel Tools to Carbohydrate Analyses
15:00	Expected End of the Seminar

**Participation is free of charge.**

**Please register by March 16<sup>th</sup> by emailing to [austria@dionex.com](mailto:austria@dionex.com).**

Seating is limited, therefore we recommend to register soon.
